## PORTFOLIO

https://sivasuriya2605.github.io/portfolio/

- Designed and developed a personal portfolio website showcasing my front-end skills and multiple real-world projects with clean UI and responsive design.

## PROFILE

- Beginner Frontend Developer skilled in HTML, CSS, JavaScript, and React, focused on creating clean, responsive, and user-friendly interfaces while continuously learning new technologies.

- Dedicated, fast learner, and not active on social media—giving me more time to focus on improving my skills, building projects, and listening to music as my only hobby

## WORK EXPERIENCE

### Piramal housing capital and finance pvt ltd

Customer Service Representative          JAN 2024 - FEB 2025

- Sales & Collections Executive at Piramal Housing Capital and Finance Pvt. Ltd., experienced in customer management, account handling, and achieving collection targets while maintaining strong client relationships

**GPA:** 74%

### HSC          2015 - 2017
Brindhavan Hr sec school | State Board
**GPA:** 86 %

## PROJECTS

### Amazon Site Clone

An Amazon-style e-commerce web clone using HTML, CSS, and JavaScript with responsive product listings and a functional cart system. Implemented dynamic UI features to enhance user experience and interactivity.

### LOGIN FORM

A responsive login and signup authentication UI using HTML, CSS, and JavaScript with real-time validation and password strength checks. Designed a clean, user-friendly interface featuring email/password login, checkbox options, and secure password confirmation.

### WEATHER APP

A beginner-friendly weather application using HTML, CSS, and JavaScript by integrating the Open-Meteo API to display real-time temperature and rain data. Added popular Indian cities, Tamil Nadu locations, and a live clock for improved usability.
